

A MEMORABLE JOURNEY

The Making of the KGKHS Beldandia Website

STARTED: 4 September 2026 | ENDING / MILESTONE: 30 September 2026

From 4 September 2026, the work continued day after day and night after night.

There are some projects that are completed with time, money and many people. And then there are some projects that are built with dreams, determination, patience and countless sleepless nights. The construction of the Karua Gadadhar Kar High School, Beldandia (KGKHS Beldandia) website became one such journey for me.

There were moments when one small error took hours to solve. A page would show nothing. A button would lead to a 404 error. A PDF would refuse to appear. A database policy would stop the upload. Marks would not load correctly. A file would be in the wrong place. And every time, instead of giving up, we started again.

Check. Test. Find the problem. Correct it. Commit it. Refresh. Test again.

That became our routine.

We worked through the website page by page—Home, About, Academics, Staff, Gallery, Notices, learning materials, PDFs, student results, Excel uploads, Supabase, Admin Login and many other pieces. We built not just pages, but a digital identity for our school.

And then came those unforgettable late nights. The clock kept moving... 11:00 PM. 12:00 AM. 1:00 AM. 2:00 AM. 3:00 AM. 4:00 AM... Yet the work continued.

Some of our most difficult attempts ended when it was nearly 5:00 AM. While most people were sleeping, I was still looking at the screen, checking code, uploading files, refreshing the website and trying one more time.

And finally... it worked.

Today, on 30 September 2026, when I look at the KGKHS Beldandia website, I will not see only HTML files, PDFs, databases, images and code. I will remember the days without proper rest, the nights that became mornings, the countless tests, the frustration of errors, and the happiness of seeing a successful result.

Most importantly, I will remember those quiet hours near 5:00 AM, when the rest of the world was asleep and I was still working toward a dream for my school.

THE WEBSITE WE BUILT

Karua Gadadhar Kar High School, Beldandia — Official Website

<https://kgkhs1992-bld.github.io>

This website became the digital home of KGKHS Beldandia—a place where the school's identity, learning resources, notices, activities, results and important information can be brought together and made accessible to the school community.

WHY A SCHOOL WEBSITE MATTERS

A school website can serve as the school's digital window to students, parents, teachers, alumni and the wider community. It can provide a reliable place for important school information and help the school remain connected beyond the classroom.

- Provide school information and important announcements
- Publish notices and examination information
- Provide learning materials and textbook resources
- Share school activities, achievements and photographs
- Provide access to student results where appropriate
- Make admission and school information easier to find
- Preserve the school's history and important records
- Help students continue learning beyond the classroom
- Give the school a professional and accessible digital presence.

The website is more than a collection of web pages.

It is a digital doorway to KGKHS Beldandia—connecting the school with its students, parents, teachers, alumni and community.

A MEMORY WORTH KEEPING

KGKHS Beldandia Website — 4 September 2026 to 30 September 2026

Built with patience. Built with persistence.

Built through countless attempts and many sleepless nights.

Built with a dream for the school.

“The website was not built only with code.

It was built with countless hours of dedication, determination and never giving up.”

Those sleepless nights were not wasted.

They became part of the history of KGKHS Beldandia.

The nights finally became mornings.

The attempts finally became achievements.

And the dream finally became a website.

— A journey I will always remember. ♥■
